***Special Guest This Month: Balloonologist**

President's Report

At our October meeting we had Felix from Spain. Those who attended would have been well entertained by his unique style of performing. He has invented a lot of tricks using magnets and latex. If you ever wanted or needed a spade or dove or even a hammer made out of latex he is the man to see. His web site is www.magiclatex.com if you view the link you will see his illusion show. It is quite outstanding. To purchase any of his latex or if you would like to buy or see his latex products just Google Felix latex. He Sold out of all props he took to the club. From all reports he was an outstanding lecturer.

Around the March meeting we will have a Mega Auction of magic props, more details later. At our next meeting we have an balloon artist as our guest. I have been performing with balloons for over 20 years and I feel that I am good at it. This bloke makes me look like I'm in kindergarten with the different types of balloons animals he makes
Our December meeting will be our Christmas and barbeque at the Magic Zone. More details next month.

An Evening with Gerald Taylor 8.00pm Monday 3rd December

See you all next meeting, Alan Sloggett.
