We kicked off the year with great magic and a new member said his vows to join the club. Geham Somanadev has shone out with some of the magic he has done so far and I am sure he will fit in nicely to our club. We also had a flash from the past with 2 old members dropping in. Graham Rich and Chris Berry were both members in the 80s. Graham is down from Mildura visiting his wife in hospital.

John Cairns hosted harmony. There were 9 members who performed with sawing the woman in half being one of the highlights. Our theme for the night was trick decks. We had three participants taking part. Gary Cohen bought along a small suit case full of different trick decks. Our President was away ill again so I was Vice President for the night. We all wish him luck and get well soon. I hope he will be right for the March meeting for I will be overseas with Gary Johnson and I will be unable to host the night.

A large thank you to Gary for printing, editing, and sending out the mag and also to Graeme McKenzie for taking all the photos you see printed in the Magazine. A lot of work for little rewards. Thanks to you both for a great job. For some reason I only just now saw all the photos in last month's mag relating to our X'mas news letter. I did read the mag when I received it but I thought there was only one page. Did anyone else do this or is it just me?

Have a good March meeting and I look forward to catching up in the April Meeting.

LIBRARIANS THOUGHTS

March Meeting

With Alan away I thought that this month we could have a theme of DIY magic.

Bring along anything, props or gimmicks, you have made yourself. Even better, bring along and show off any effects you have come up with. (I know the grammar of come up with is bad)
I know Felix has some things and I will be astounded if Kelvin doesn't. I have a couple of home made things so I hope this will make for an interesting evening.
I will also bring a couple of DVDs I am willing to lend out so bring your stuff and we can swap lends
My thanks also go to the couple of members who are helping with the scanning project
Keep on reading
John
